PROJECT PROGRESS AT A GLANCE

On October 9th and 10th, 2023, University of Social Sciences hosted the e-Teach project consortium in Warsaw for a hybrid partnership meeting. During the meeting, the partners discussed the latest project achievements and planned the final tasks of the project.

Partners engaged in in-depth discussions and strategic planning for the forthcoming Training Certificate Program, set to take place on October 17, 24, 31, and November 7, 2023, during the late afternoon and evening hours to accommodate participants across different regions: 5-7 PM (CET), 6-8 PM (EET).

The meeting also touched upon various management topics, including financial matters, dissemination strategies, and quality assurance measures to ensure the project's success.

OPEN EDUCATIONAL RESOURCES (OER) ONLINE COURSE

The OER Online Course is an interactive online learning designed to cater to the needs of current and future teachers who aim to refine their skills in digital pedagogy. Accessible through the Canvas platform, this course offers a wealth of high-quality knowledge on digital pedagogy in an interactive and user-friendly environment. During the TPM in Warsaw, Partners discussed the last refinements of the OER on Canvas- it's structure, coherency among modules, and interactivity through various multimedia resources and activities. Final touches and updates were discussed to ensure the OER serves as a comprehensive, dynamic, and up-to-date repository for digital pedagogy resources.

COURSE OUTLINE

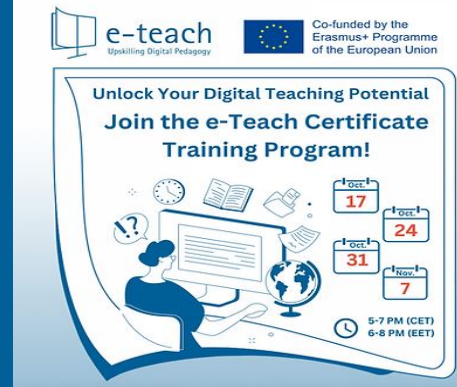

- Module 1: Introduction to Digital Pedagogy
- Module 2: Theories and Design Principles of Digital Pedagogy
- Module 3: Digital Content Development
- Module 4: Teacher Competences in Integrating Digital Pedagogies into Teaching and Learning
- Module 5: Processes of Learning and Teaching in Hybrid and Blended Education

E-TEACH CERTIFICATE TRAINING PROGRAM

The e-Teach certificate training program aims to equip educators and teachers with the skills needed for effective digital pedagogy. It offers a combination of live, online synchronous training sessions and an asynchronous online course (OER). During the recent transactional meeting in Poland, final arrangements were made to ensure consistent and well-organized training.

The program aims:

- To create a supportive and enriching environment for educators and future teachers.
- To offer a robust curriculum covering the many facets of digital pedagogy.
- To provide the necessary skill set for effectively leveraging digital tools and methods in teaching.
- To offer a certificate, serving as a credential for digital pedagogical competence.

The e-teach certificate training program consists of 4 sessions according to the following schedule:

- Session 1: October 17, 2023
- Session 2: October 24, 2023
- Session 3: October 31, 2023
- Session 4: November 7, 2023

5-7 PM Central European Time (CET) 6-8 PM Eastern European Time (EET)

The e-teach certificate training program covers the following topics:

1. Concepts and Approaches to Digital Pedagogy.

Hosted by: Çanakkale Onsekiz Mart University (COMU) & Vrije Universiteit Brussel (VUB)

2. Teacher's Competencies and Digital Content Development.

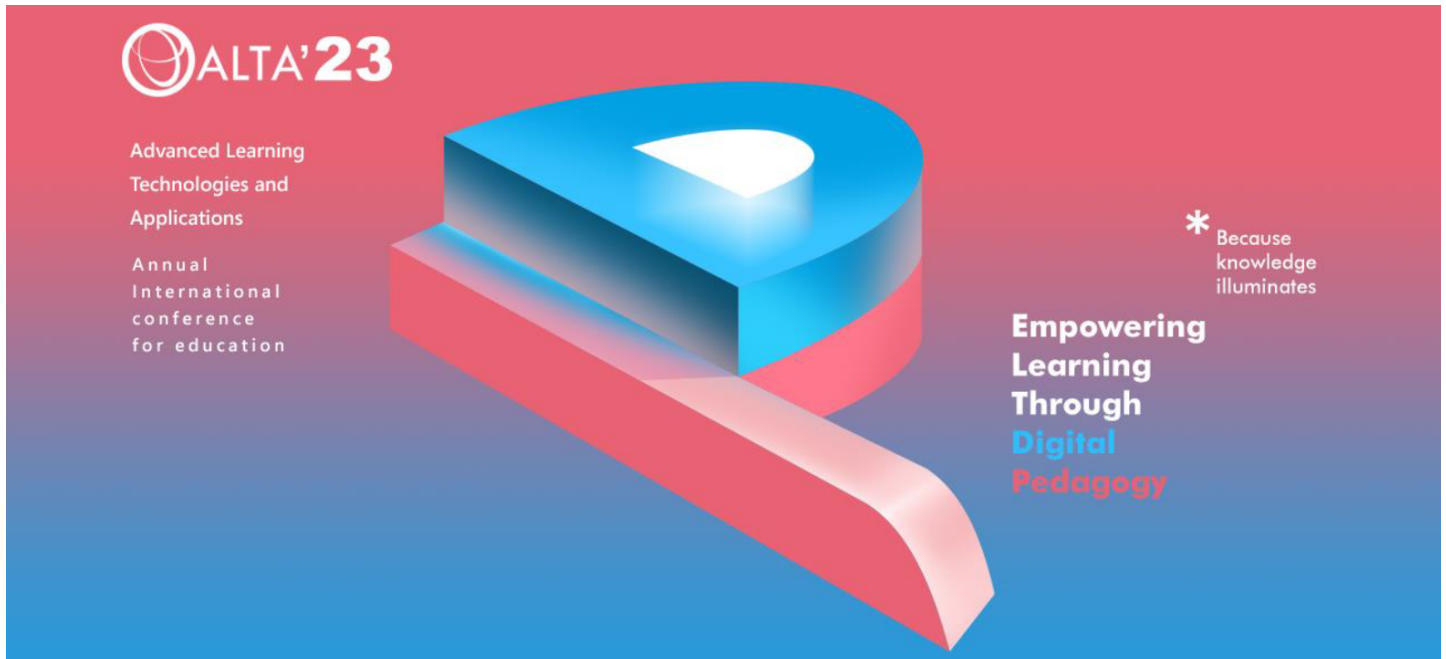

Hosted by: University of Helsinki (UH) & Lucian Blaga University of Sibiu (LBUS)

3. Blended Learning and Emerging New Technologies

Hosted by: University of Social Sciences (SAN) & Baltic Institute of Educational Technologies (BETI)

4. Digital Planning and Digital Assessment & Evaluation.

Hosted by: Vrije Universiteit Brussel (VUB)

INTERNATIONAL CONFERENCE ALTA'23 - "ADVANCED LEARNING TECHNOLOGIES AND APPLICATIONS. EMPOWERING LEARNING THROUGH DIGITAL PEDAGOGY."

12th of December 2023 Kaunas, Lithuania

E-Teach project Partner, BETI is thrilled to share the invitation for the annual [ALTA conference](#), which will take place in Kaunas on the 12th of December 2023. During the event, participants will present research, and projects and discuss their experiences in the field of e-Learning methodologies, educational projects, innovations and new technologies applied to Education and Research. This year the focus is on empowering learning through digital pedagogy.

WHAT IS NEXT?

- E-teach Consortium will present the project during ALTA'23 conference in Lithuania.
- Each project Partner will hold the Multiplier Event aimed at spreading knowledge and best practices in digital pedagogy to a broader audience.
- The final project meeting will be held by Vrije Universiteit Brussels on 1-2 Feb. 2024.
