The **EmpowerHER** consortium is currently focusing on the project's most innovative tool: The Virtual Reality Escape Room Game, designed to teach practical business skills to young women aged 16–21.

Following our recent VR pilot testing sessions, project partners are now implementing technical and substantive modifications based on direct user feedback. These updates will refine gameplay mechanics and ensure the tool is fully optimized for our target group.

EMPOWERHER

EmpowerHer Consortium Meeting

In July, project partners met to coordinate the next phases of implementation and set the upcoming project milestones. The immediate focus is on translating key materials and the interactive VR games, into all partner languages.

Additionally, partners discussed the organization of local Open Days to showcase project results and connect with participants across all partner countries.
